

Updates

- Working with BlueCloud for automation
- Transitioning from Cat/Cat Jr to ISearch for catalog

Mindset Group Work

- Identify your strengths and weaknesses

BLUEcloud Pilot Update/Wrap-Up

Survey Results

- Circulation works well
- Cataloging feedback (working with bibs, call#s and items is easier)
- Still need to use Workflows to print barcode & spine labels
- No reports, possibly developed by 2020
- Pilot training tools survey results:
 - most effective tools (80% recommend or more):
 - Basecamp
 - Links
 - Documentation
 - Video Clips
 - Practice exercises
 - Webinar Recordings

BlueCloud training pathway is available in Open Campus

- up to date documents located here
- training videos, etc located here
- Different Courses will have lessons that include a variety of formats
 - receive CEUs when you complete & pass quiz
 - anticipated launch date: before start of school
 - -Circulation, Cataloging & ??

BlueCloud will continue to be revised and developed, but they are taking feedback from schools, public and academic libraries as well.

BlueCloud will not work offline. Use Mobile Circ or Workflows for this

Top 10 Needs for Clrc

- reports
- continuous checkout
- easier to renew item-from barcode
- quick link to checkout

Top 10 Needs for Processing

- print spine labels in BC Cat
- increase timeout limit to prevent lost work
- print item labels
- require fewer clicks

Updates occurring every 2 months

ISearch as OPAC

ISearch is replacing Cat & Cat Jr
Began 5 years ago
Looking at changes to help lower grades use catalog more effectively
Littles tend to so single word searches, use adult guidance

Updates Coming:

- Book covers show as results default (“Thumbnail display”)
 - can toggle to list view
 - Title, Call # and **availability** will appear on display
 - font has been increased
 - call #s are in red
- Limiters have been reordered and some have been added
 - Item Genre can be used for limiter (if you have genre tags in use)
 - Genres can be searched for in keyword search too
 - Can search for “Lexile” or “Reading Counts” etc in the Keyword Search
- Suggestion for INFOhio to create survey for librarians to use with students for consistent feedback
- Openspace will have Learning Pathways for ISearch and Building Your Digital Curriculum using library resources via ISearch

Lib Guides will be Going Away and information is being moved to OpenSpace
BlueCloud pathway will have much of the LibGuide info in it.
