Name: _____

After the Story Ends

Choose a story from Highlights Library. Then, write what you think happened after the story ended. Use your imagination to write a new adventure with the same characters or to write something that happened after the story ended. You are the author! If you run out of room, use a blank sheet of paper to finish it.

What is the name of the original book you read in Highlights Library?

_____

Write about something that happened to the characters or something else they did after the story ended.
